WE NEED YOUR HELP.....

After 20 years of effort to rehabilitate St. Stanislaus College from the neglect that saw it tumble from arguably the number two or three High School in Guyana to a position of mediocrity, we are pleased to announce that the school is now back to that lofty position once again.

Our motto is "Making Saints #1", and we aim to get there.

Due to our persistence and in conjunction with the Board of Governors of Saints and the other high schools' overseas Alumni Associations, the Ministry of Education in Guyana is beginning to see the value which we collectively can bring to improving education in the country.

The irony is that, now that we are in a position to have the greatest impact, all the Associations are beginning to suffer from a decline in attendance at our fund-raising functions. Without your help, we cannot make the investments which are necessary for undertaking the improvements deemed essential to bringing the country back to its former position as one of the shining jewels of literacy in the world.

What we are asking is for you to come out to our Spring Dance and rub shoulders with other alumni. We promise to entertain you royally, and also to give you a chance to tell us what we are doing right, or wrong, in our efforts to help our *Alma Mater*. **Your support is crucial.**

We are also keenly aware that some of the spouses of our Alumni also belong to other Associations, and we will be exploring further ways to cooperate with those Associations in supporting their efforts at fund-raising.

So, come on out and help us with this cause. Bring along some of your friends. As our Past President, the late Howard Bryce, would say: "We do it for the Kids".

See you there.

Executive Committee 2014-2015
